

Shahid Beheshti University is organizing the 10th Iranian Conference on Advances in Enterprise Architecture with the aim of growing and developing the knowledge of Enterprise Architecture and making it applicable at the national level. The conference theme is "Enterprise Architecture-Driven Governance for Business Resilience", and its emphasis is on the fundamental, practical, strategic and developmental aspects of Enterprise Architecture within 9 specialized tracks that can bring significant benefits to Iranian organizations. All researchers, academics, industry professionals and experts in this field are invited to submit articles and participate in the conference by exchanging their research and applied findings in areas such as resilient architecture governance, intelligent enterprise architecture, and Adaptive Enterprise Architecture, to make the conference more productive and effective in line with its objectives.

Conference Chairs and Secretary:

- **Honorary Chair:**
Dr. Seyed Mahmoud Reza Aghamiri
- **Conference Chair:**
Dr. Mohsen Ebrahimi Moghaddam
- **General Chair:**
Dr. Fereidoon Shams Aliee

Conference Technical Program Committee:

- **Technical Program Committee Chair:**
Dr. Hassan Haghighi (Shahid Beheshti University)
- **Track Chairs:**
 - Dr. Seyed Raouf Khayami (Shiraz University of Technology) – *Enterprise Architecture Frameworks, Models, and Methodologies*
 - Dr. Fereidoon Shams Aliee (Shahid Beheshti University) – *Enterprise Architecture Governance, Management and Maintenance*
 - Dr. Alireza Shameli Sendi (Shahid Beheshti University) – *Intelligent Enterprise Architecture*
 - Dr. Seyed Akbar Mostafavi (Yazd University) – *Digital Transformation and Adaptive Enterprise Architecture*
 - Dr. Ali Kamandi (University of Tehran) – *Knowledge Management and Data Governance in the Age of Artificial Intelligence*
 - Dr. Bahar Farahani (Shahid Beheshti University) – *Emerging Technologies, Modern Infrastructures, and Cloud Architecture*

- Dr. Sadegh Aliakbari (Shahid Beheshti University) – *Service-Oriented Architecture and Enterprise Integration*
- Dr. Eslam Nazemi (Shahid Beheshti University) – *Business Architecture*
- Dr. Farhad Mardookhi (Razi University) – *Enterprise Architecture and Governance in Specialized Sectors*

Conference Executive Committee:

- **Executive Committee Chair:**
Dr. Alireza Shameli Sendi
- **Communications:**
Dr. Mahmood Neshati
- **Workshops Coordinator:**
Dr. Saeed Shokrollahi
- **Publications Coordinator:**
Dr. Sadegh Aliakbari
- **Panels Coordinator:** Reza Karami
- **Secretariat:** AmirReza Mahjoorian
- **Student Committee:** AmirMohammad Nateghi

Important Dates:

- **Paper Submission:** September 25, 2026
- **Notification of Acceptance/Rejection:** October 30, 2026
- **Final Submission and Registration:** November 13, 2026
- **Conference Dates:** November 24-25, 2026

Submission Guidelines:

Papers must be submitted in Persian or English, be original and innovative, and must not have been published in any other conference or journal; Simultaneous submission will result in rejection. Papers will be screened for originality, research ethics, and similarity, and plagiarism, data or image fabrication, improper authorship, or fabricated citations will result in rejection. The use of Generative AI tools is permitted only for writing, editing, or analysis, and the authors are fully responsible for the accuracy of the content; Authors are also required to disclose how these Tools has been used, read the Declaration and Commitment on the Use of Artificial Intelligence Tools, complete the corresponding form, and submit it along with the final version of the paper. Papers must be prepared in Word and PDF formats, with a maximum length of 6 pages, in accordance with the template provided on the conference homepage, and submitted through the submission panel. For each submitted paper, one corresponding author is responsible for registration and its presentation. Accepted papers in English will be published in IEEE, while accepted papers in Persian will be published and indexed in ISC and Civilica. Selected papers will also be invited for publication in a special issue of the Journal of Innovations in Computer Science and Engineering or the Computing Science Journal.

Conference Secretariat: SOEA Lab, Faculty of Computer Science and Engineering, Shahid Beheshti University, Evvin, Tehran, Iran.

Conference Scientific Tracks

1. Enterprise Architecture Frameworks, Models, and Methodologies

- Adaptation and Evolution of Reference Frameworks
- Emerging Approaches to Architecture Modeling and Design

2. Enterprise Architecture Management, Governance, and Maintenance

- Architecture-Based Resilient Governance for Business Continuity
- Enterprise Architecture Assessment, Maturity, and Maintenance
- Enterprise Architecture Risk Management and Resilience

3. Intelligent Enterprise Architecture

- Agentic Enterprise Architecture (Agentic EA)
- AI-Augmented Enterprise Architecture (Augmented EA)

4. Digital Transformation and Adaptive Enterprise Architecture

- Enterprise Architecture for Digital Transformation
- Composable and Event-Driven Architecture

5. Knowledge Management and Data Governance in the Age of Artificial Intelligence

- Data Governance, Strategy, and Architecture
- Data Analytics, Business Intelligence, and Decision Support

6. Emerging Technologies, Modern Infrastructure, and Cloud Architecture

- Cloud and Modern Infrastructure in Enterprise Architecture
- Emerging Technologies and Enterprise Architecture

7. Service-Oriented Architecture and Enterprise Integration

- Service Design, Development, and Organization
- Service Integration and Interoperability

8. Business Architecture

- Capability-Based Architecture and Business Modeling
- Intelligent Business Process Management

9. Enterprise Architecture and Governance in Specialized Sectors

- Enterprise Architecture in Public Governance and Smart Government
- Enterprise Architecture in Specialized Industries
